Special »Innovations 2020« Print & Online

Our June edition and online services are usually THE source of information for our readers to prepare for the Stone + tec trade fair. This year, everything is different. The natural stone industry is seriously affected by the coronavirus, which has caused the postponement of Stone + tec trade fair to 2021. So, we are all lacking the chance to meet and present new products.

To support you in the presentation and sales of new products, we therefore offer to spread your messages across all of our channels:

- ▶ in the [specialist magazine Naturstein](#)
- ▶ on our [portal Natursteinonline.de](#) with over 10,000 visitors per month and
- ▶ on our [Facebook page](#) with almost 3,000 fans

With Naturstein edition 6/2020, our readers will receive a special insert »Neuheiten 2020« presented as a magazine in a magazine. Present your information on half, one or two pages. All your content will also be included on our website [Natursteinonline.de](#) as well as on Facebook and Instagram. In the interests of our readers, users and fans, we have deliberately kept the costs of the presentation low.

Our package offer:

1/2 page	(max. 1,400 characters including spaces and max. 2 to 3 images)	495.00 €
